

Back To Basics: Pearls of Wisdom in Maternal Fetal Medicine

9/13/2022 12:00:00 PM

Location: Online

Description:

[Click here to register for this activity.](#)

A monthly education webinar series for physicians, sonographers & other healthcare professionals working in obstetrics & gynecology, maternal fetal medicine, cardiology & neonatology covering various topics in the field of fetal cardiology. Each month covers a different topic with the goal of providing free education to the community in an effort to increase the support and resources to the community & ultimately increase prenatal detection of congenital heart disease.

Objectives:

- 1 Examine basic nomenclature used in maternal fetal medicine
- 2 Describe the labor process from an obstetrical perspective
- 2 Explain the collaboration between Maternal Fetal Medicine and Cardiology

Target Audience: Pediatrics, Cardiology, Maternal Fetal Medicine, Neonatology, Palliative Care

Faculty:

Name of individual	Individual's role in activity	Name of Ineligible Company(s) / Nature of Relationship(s)
