

54th Annual **CLINICAL ADVANCES IN PEDIATRICS SYMPOSIUM**

Sept. 22-24, 2021

Denise Bratcher, DO,
Amol Purandare, MD, and
Jennifer Schuster, MD, MSCI

**Presented by
Children's Mercy Kansas City
Virtual Conference**

childrensmercy.cloud-cme.com/caps2021

The Clinical Advances in Pediatrics Symposium (CAPS) is focused on providing the latest advances in pediatric research and evidence-based practice to improve the quality of children's health care. This annual learning event emphasizes practical application of current concepts that pediatricians, pediatric specialists, family physicians, and advanced practice providers involved in the care of children and adolescents can apply in their practice.

Due to COVID, our 2021 CAPS event will be offered virtually. Registrants will receive links to both the live sessions and the recordings after the live event. Those watching live will be able to ask questions of the speaker following each presentation. On-demand recordings will be available for registrants to view at their leisure through Nov. 30, 2021.

**Up to 17 CME
hours and 16.5
MOC points**

SYMPOSIUM OVERVIEW

REGISTRATION-\$200

To register online, visit

childrensmercy.cloud-cme.com/caps2021.

Please use a unique and individual email address when you register. Links to the content will be sent to the email provided at registration.

You will receive e-mail confirmation of your successful registration. In the event you do not receive a confirmation, or prefer to register over the phone, please contact caps@cmh.edu.

Registration fees are waived for dues-paying members of Children's Mercy Physician Business Partners and employees of Children's Mercy Kansas City. If you are interested in Children's Mercy Physician Business Partners membership, please contact mberger@cmics.org.

CANCELLATION

Cancellations must be received by Sept. 1, 2021, to receive a refund. An administrative fee of \$75 will be deducted. No refunds will be given for cancellations received after this date or for non-attendance.

CONTINUING MEDICAL EDUCATION

Children's Mercy Hospital is accredited by the Missouri State Medical Association to provide continuing medical education for physicians.

Children's Mercy Hospital designates this live educational activity for a maximum of 17 AMA PRA Category 1 credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn 16.5 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.

EDUCATIONAL GRANT SUPPORT

We would like to thank the below organizations for their support of CAPS.

- Greater Kansas City Pediatric Society
- Greg Canty, MD, and the Children's Mercy Sports Medicine Center
- William L. and Lenora D. Bradford Lectureship

This list is current as of May 2021. Any additional support received will follow ACCME Standards and will be disclosed prior to the live presentations.

ABOUT CHILDREN'S MERCY KANSAS CITY

Children's Mercy Kansas City is ranked as one of "America's Best Children's Hospitals" in nine specialties rated by U.S. News & World Report and has received Magnet[™] recognition for excellence in nursing services five consecutive times. With 386 licensed beds and a medical staff of more than 750 pediatric subspecialists, we care for children from all 50 states and from around the world. In addition, our leadership in pediatric genomic medicine and individualized pediatric therapeutics is driving research and innovation across all pediatric subspecialties to transform outcomes for children. Children's Mercy is also a leader in providing outstanding pediatric medical education through our pediatric residency, fellowships and allied health professional educational programs. Our love for children powers everything we do, inspiring our research, innovations and our everyday care. Because love has no limits. And with it, neither do we.
